Your unique UK ENIC reference number: 4001030333 Linda Macdonald
Please quote this number in all your correspondence with us

Dear Linda Macdonald,

We are pleased to enclose your Statement of Comparability.

Your qualification evaluation has been carried out carefully by experienced credential evaluators. The evaluation expresses how the overall level of a qualification compares to qualifications in the UK. This comparability relates to the qualification itself - your individual marks or grades do not play a part in qualification comparison.

There is more information about your evaluation on the reverse of your statement. You can read more about our methodology and evaluation criteria at www.ecctis.org.uk/methodology

Your statement has a number of security features. These make altered statements easier to detect. Employers, trade and professional bodies, and educational institutions can also contact UK ENIC to verify statements. These measures protect the integrity and value of your UK ENIC statements.

If you have queries or if you require further assistance, the easiest way to contact us is to go to www.enic.org.uk and log-in using your UK ENIC registration details. There, you can use the online messaging to contact our customer service team. Alternatively you can telephone us on +44 (0) 330 912 0030.

Please note that we are unable to deal with queries about your statement after six months from the date of issue.

UK ENIC evaluations are not binding and have no legal force - their status is as guidance only. The final decision about suitability of a qualification or person for a study place, job, or trade/professional status always rests with the admitting body.

We respect your data and your privacy and it is our policy that information relating to an individual application will not be passed on to, or discussed with, third parties without the prior consent of the applicant.

Yours sincerely

ORosslee

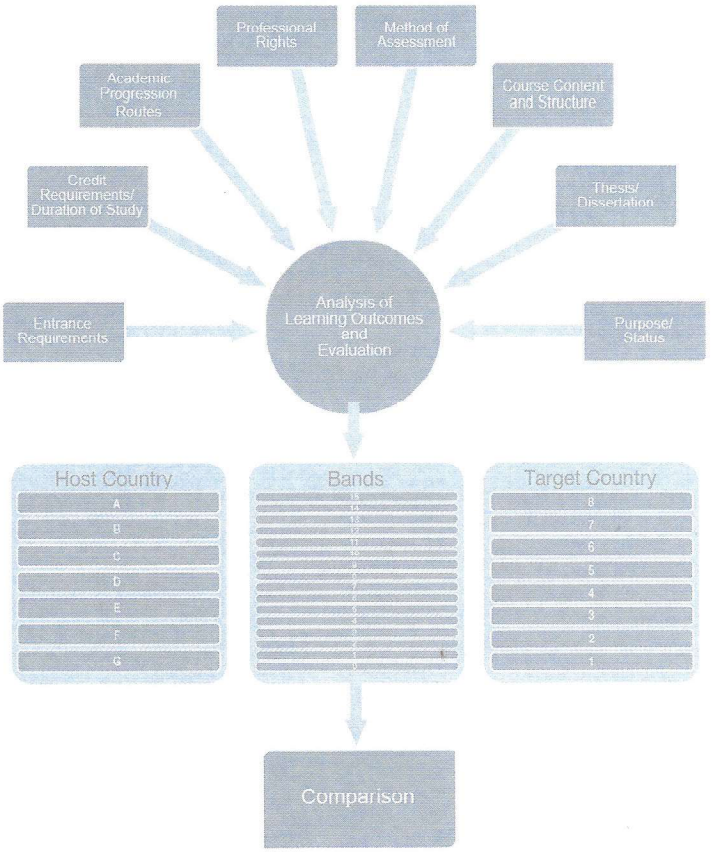
More information about your UK ENIC statement

How qualifications are evaluated and compared



The United Kingdom is a signatory to the Convention on the Recognition of Qualifications concerning Higher Education in the European Region, 1997; UK ENIC is the UK's national qualification information centre. The Convention sets out the broad guidelines by which international qualifications are recognised in a signatory country.

UK ENIC has further developed its evaluation system, so that the Statement of Comparability can fully reflect the range and type of qualifications received from across the world.

The UK ENIC Band Framework© allows for a formal qualification at any level of any education system to be mapped across to a comparable level within the education systems and frameworks operating across the UK. This process is guided by the principles of the Convention; it is objective, fair, and rigorous.

The above diagram gives an overview of UK ENIC's evaluation process. There are 16 hierarchical, learning outcome-based Bands, which are independent of the nominal distinctions between secondary, undergraduate and postgraduate cycles of study. Significant differences exist between national education systems, so it is not, for instance, automatically the case that a Bachelor degree in one country will compare directly to a Bachelor degree in the UK.

This analysis is separate from any consideration of the grades or marks achieved by an individual. A higher grade in an examination assessing a lower level learning outcome does not necessarily mean a higher level outcome is being achieved. To give a full picture to an employer or institution, you should present a range of evidence, including your transcripts that show your marks and grades, module-by-module.

You can find out further information about the UK ENIC Band Framework© at *www.enic.org.uk*

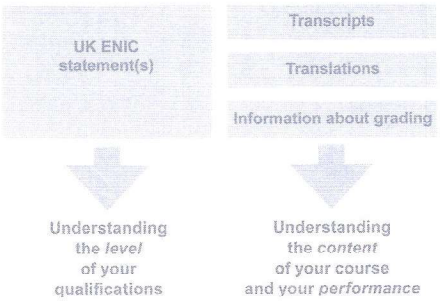
Showcase your skills

To give a full picture of your achievement, qualifications, knowledge, expertise, skills, and experience, do not rely on only your UK ENIC statement.

Present a full range of evidence to the employer or institution so that they can fully understand your qualifications, achievement, and skills:

- Qualification final certificates
- Transcripts with modules and grades
- Your UK ENIC statement(s)
- CV featuring experience, skills, attributes
- Portfolio of work, if appropriate

Remember to include translations of your certificates and transcripts, if necessary.



Professional recognition

In the UK, professional recognition is governed by competent authorities/professional bodies.

To identify the competent authority for your profession, and for further information about professional recognition, visit the website of the UK Centre for Professional Qualifications: go to *www.ecctis.com/cpq*

Qualification levels in the UK

The comparability statement references the qualifications frameworks of the different nations of the UK:

- the RQF: Regulated Qualifications Framework (England and Northern Ireland)
- the SCQF: Scottish Credit and Qualifications Framework (Scotland)
- the CQFW: Credit and Qualifications Framework for Wales (Wales)
- the FHEQ: the Framework for Higher Education Qualifications (England, Wales, and Northern Ireland)
- the FQHEIS: the Framework for Qualifications of Higher Education Institutions in Scotland (Scotland)

To identify other qualification types, eg NVQs, that align with the levels referenced within your Statement of Comparability, visit: *https://www.gov.uk/what-different-qualification-levels-mean/list-of-qualification-levels*

Important information about your qualification statement

Before 1 March 2021: UK NARIC

After 1 March 2021: UK ENIC

with Visas and Nationality and Industry Skills Statements provided by Ecctis

Hello

You may have been expecting your statement to reference UK NARIC.

NARIC is a European Union network. Due to the UK leaving the European Union, the name NARIC can no longer apply to our services after 1 March 2021.

If you have ordered a Statement of Comparability or UK Qualification Reference Statement, this is provided by UK ENIC.

If you have ordered a Visas and Nationality Statement or an Industry Skills Statement, this is provided by Ecctis.

Ecctis and UK ENIC statements have the same value as those formerly issued by UK NARIC and are accepted by employers, education providers, the Home Office, CSCS card schemes, etc.

Behind the change of status, all our services continue to be provided by the same teams, with the same expertise, to the same high standards.

For further information, visit **www.ecctis.com/transition**

Best wishes

Ecctis
