Training Evaluation

As part of our drive to continually improve our quality of customer service, we are asking your delegates to complete an anonymous survey.

<https://ecgtraining.co.uk/resources/delegatesurvey/>

All comments and feedback will be used to ensure we continue to deliver five-star service and will not be shared with any third party.

Our wide range of healthcare training is designed and delivered by qualified trainers with professional experience of their field, to support nurses, doctors, pharmacists, allied professionals and their teams.

We offer a flexible learning approach:

Face to face nationwide

- At your site
- Open courses

Online options

- PC, tablet and smartphone friendly

A selection of the courses you may be interested in:

- Vaccination
- BLS, AED and Anaphylaxis
- First Aid
- Intermediate Life Support
- Dental Immediate Life Support
- Medical Emergencies
- Phlebotomy
- 12 Lead ECG
- Chaperoning
- Moving & Handling
- Conflict Resolution

Please visit our website for more information or to purchase from our online shop. Alternatively, our dedicated Head Office team are ready to provide friendly and helpful support to facilitate your training needs.
