*Signature... V Phillips.....*

*Date...16/04/2023*

*Printed name Vicki Phillips...*

*Aim* *Provide adequate training to perform the procedure of venepuncture in a safe and effective way.*

*Learning Outcomes* *On successful completion of the course the participant will be able to demonstrate the following.*

- *Understanding of the Venous network and how it works*
- *Anatomy and Physiology of the veins, arteries and the nerves in the arms*
- *Selection of the correct equipment required for the task.*
- *Patient care and wellbeing during the procedure.*
- *Correct preparation of the patient*
- *Performing venepuncture under supervision for the first 10 cases and logging the series of events.*

*Assessment* *The participant would have demonstrated correct clinical skills when performing venepuncture on a dummy arm and hand*

*Ongoing* *The participant will log 10 cases of venepuncture and maintain the log for competency purposes.*  
*The participant will keep up to date with any relevant or new guideline that come into action regarding venepuncture*
